A Journey into Life's Mysteries:
The 13 Healing Moons of the Great Turtle Mystery School

I remember when the words 'Mystery School' first came into my consciousness. How bizarre, I thought. What would I get out of this? Yet, I genuinely pictured myself journeying through the 13 Healing Moons of the Great Turtle Mystery School. I wasn't sure how I would tell my family and friends. But I did tell them. I felt the corners of my mouth turn upward with the delight of stepping into the unknown. I made the commitment. Initially, a Mystery School seemed really out there to me, a conventionally college educated gal. However, it was the most grounding and true experience I have had.

Some Teachings by Rainbow Lightning Elk:

13 Healing Moons: There are 13 Lunar cycles in Earth's rotation around the Sun. Re-attuning to the 13 Moon cycle creates healing within our physical bodies. We synchronize to Harmonic Time through Sweat Lodge Purification Ceremony attuned to the New Moon.

Great Turtle: North, South, and Central America were called Turtle Island by indigenous People. Planet Earth was known as 'Great Turtle' within the Milky Way galaxy. Nature is our most profound teacher. Spirit Guides are everywhere.

Mystery School: In ancient times, people who wanted to know the Mysteries of Life and Death apprenticed to a course of study with a wisdom teacher. They came to understand their individual contributions to the collective, gathering to learn interdependence.

The 13 Healing Moons of the Great Turtle Mystery School weaves together teachings and healing ways from numerous traditions. Pleiadian Lightwork and Shamanic Ceremony provide tools for self-growth. The language of Medicine Wheels unlocks our subconscious. Kundalini Yoga strengthens our Life Force Energy. Sacred sexuality spins the Wheel of Life with honor to the feminine and masculine.

The Journey: During 13 months, we discover the interconnectedness we share. Usually concealed in today's modern world, this relationship is important to our future balance. We assist the evolution of Mother Earth and all of her Children – Plants, Animals, Minerals, Humans.

Rite of Passage: a ceremony marking a transition from one phase of life to another. With the exception of a few religious traditions, rites of passage are not part of our

current culture. The GTMS reframes our 0-13 years of Life, providing an authentic Rite of Passage – acknowledging our talents, gifts, and abilities.

Today, 'Mystery School' is a fixture in my vocabulary. Through my own awakening, I deepened my clairvoyant healing abilities and awareness of the world around me. Within a circle of Truthseekers age 23-60, my Rite of Passage gave me ownership of my strengths as Spider Star Weaver, my Spirit Name. How would my life be if I had this ceremony at puberty? I thank my Ancestors and teachers who paved the way for all of us to actualize our Highest Potential.
